

GRACE

Episcopal Church and Day School Early Childhood Center

January 2017

Dear Parents/Guardians:

Our Early Childhood Center programs offer exceptional learning experiences for children age two through kindergarten. We are proud to announce the opening of Grace's Above & Beyond Daycare for infants six weeks and up.

Our primary goals are directed toward the child's development of self-confidence, independence and initiative. Children are encouraged to solve problems, experiment with materials and build healthy social relationships. The curriculum includes involvement with varied art media, computer, music, rhythms, science, marine environment, cooking, storytelling, puppetry, creative dramatics, mathematics, reading and writing readiness. Sign language, French and Spanish is also offered. Field trips and guest speakers enhance the Grace experience. Individuality is fostered with recognition of each child's unique abilities. Use of an outdoor playground and indoor gym contribute further to the child's physical, social and intellectual growth. Ours is a loving, caring environment where stimulation, creativity and individualized instruction lay the groundwork for success in the school years to follow.

Daycare for infants and children is now offered from 6:30am until 6:30pm. The Grace Above & Beyond Before and Aftercare program continues.

We are tremendously proud of our Early Childhood and Daycare Programs and would be delighted to have you tour our facility. If you would like to speak to one of our Directors, please call. Thank you for your interest and look forward to hearing from you in the near future.

The Rev. Dr. Walter V. Hillebrand
Rector/Head of School
